LANGUAGES

Hebrew (Native), English, Russian

I'm passionate about problem-solving and design. I enjoy focusing on details and turning ideas into clear, thoughtful experiences.

Education:

2025

Technion - Israel Institute of Technology

Certificate in UX Design for Complex Systems.

2022-2024

Shenkar College of Practical Engineering

Two-year program in Visual Communication.

Practical Engineering Diploma in Visual Communication from Mahat, graduated with honors.

2017-2019

High School, Graphics and Art Track

Full high school diploma in the Design Arts track, specializing in design. Holder of a technological certification from the Ministry of Education.

Work Experience:

2025-2026

Alios - Advertising Company

- Design and development of marketing landing pages
- Branding projects and visual identity development

2024

Freelance Designer

- Design of landing pages and corporate websites
- Branding and visual identity design
- Video edits for small businesses

Military Service

2019-2021

Ministry of Defense

Unit: Publishing and Graphics

Role: Graphic Designer

Responsible for all graphic design work and providing services to the Minister's office and all departments of the Ministry of Defense.

Worked on designing business cards, signs, brochures, memos, and advertisements.

The role required working under pressure and tight deadlines, high accuracy, patience, and great responsibility.
